A Message from the Mayor and City Council

March 24, 2020

We, as a Council, are doing our best to stay on top of the latest developments pertaining to the Coronavirus by working closely with Mayor Ketron, the mayors of the other cities in Rutherford County, local health officials and Governor Lee. It is our intention to help protect the wellness of all of the residents and workers in Eagleville by staying informed and passing along information to you.

First and foremost we hope everyone is well and urge you to use proper health protocols within your homes and offices.

As of today, our City Hall remains open to the public, including Council meetings. During the meetings, we will be implementing social distance protocols. For regular business, we encourage you to use on-line services. On our city’s website, you should be able to find most of the items you need such as building permit applications, staff contact information, meeting announcements and minutes. You can also pay speeding tickets on line. If you need anything that is not on the webpage, feel free to contact us at (615) 274-2922 and we will do our best to provide it. Please follow our webpage, http://www.eaglevilletn.com, for updates on city hall hours of operation and meeting notices.

For police and fire service, remember that we are dispatched through Rutherford County. In an emergency, call 911. If you have a non-emergency, call (615) 898-7770. You can also visit the Rutherford County Sheriff’s webpage at http://www.rcsotn.com.

Finally, in an effort to be able to provide you timely information, the City has worked with the County to create an Everbridge Alert for COVID-19. To opt in, text RCCOVID to 888777. If you opt in to the alert system, you will receive County-wide information such as any new closings of public sites or meeting cancelations. You will be able to opt out at any time. We will continue to post on our website and you can also follow us on Twitter and Facebook.

We know these times are hard for everyone. We care about all of our residents and businesses, and want you to remain healthy. We will get through this together.

Sincerely,

Mayor Chad Leeman
Vice Mayor Bill Tollett
Councilman Alan Ball
Councilman Jason Blair
Councilman Brandon Emanalie
Councilman Chris Hendrix
Councilman Richard Inglis
